

# FlexCabling

## 10" Patch Panel (Bang and Olufsen)

## Description

This Patch Panel are used when you want to prepare your FlexCabling network for Bang and Olufsen BeoNet.

The Patch Panel comes without connectors, and you have to use the Bang and Olufsen recommended connectors, and network cables from Tyco (AMP Netconnect).

With BeoNet you can integrate Bang and Olufsen Masterlink and Powerlink in your FlexCabling network.
