# Technical datasheet

FlexCabling

10" Rack Enclosure

Description

The Rack Enclosure is the heart in a FlexCabling solution. This is the place where all the network cables meet, and the different signals are distributed from.

The Rack Enclosure is a robust metal enclosure, with key lock and glass in front.

Product Type: 10"/9U Rack Enclosure

Horizontal size: 10 inch.

Vertical size: 9 Rack units

Weight: 6,70kg.

Colour: Light "grey" RAL 7035

Dimensions: 300mm(W) x 465mm(H) x 300mm(D)
